

'PHONE 'CHANGE IN UNION DEPOT

The new telephone exchange at the Union station will be ready for business within a few days. The switch board was installed yesterday and as nearly all the wiring and cable splicing has been finished little remains to be done except to connect up the board and the various offices. This new telephone will greatly facilitate the telephone business connected with the railroad offices and depot as well as the yards and shops and go along with the old trouble of almost invariably getting the wrong number when calling the station or railroad offices.

The switch board will be in charge of three operators, each working an eight-hour shift so that at no hour of the twenty-four will there be any trouble in getting in touch immediately with the depot and railroad offices.

SUITS ON TWO PROMISSORY NOTES

The Utah National bank and the Security Trust & Savings bank of this city have commenced suits in the district court against M. S. Truman and

Victor Victrola, \$50.00

The next five minutes you have to spare step in and let us play the Victrola for you.

DEPARTMENT OF THE INTERIOR.

U. S. Land Office at Salt Lake City,
Utah, February 8, 1912.

Notice is hereby given that Charles
Hamre of Uintah, Utah, who, on Au-
gust 16, 1906, made Homestead Entry
(Serial 22313) No. 16476, for NE 1-4
SE 1-4, section 26, Township 5 N.,
Range 1 W., Salt Lake meridian, has
filed notice of intention to make final
five-year proof, to establish claim to
the land above described, before the
Clerk of the District Court, at Ogden,
Utah, on the 18th day of March, 1912.
Claimant names as witnesses R. O.
Bybee and Orin Bybee, all of Uintah,
Utah.
E. D. R. THOMPSON,
Register.

others to recover on certain prom-
issory notes alleged to have been dated
November 27, 1909, and drawn in fa-
vor of E. W. Patrick, who assigned the
notes to the banking concerns.

DROUTH CAUSES PRICE INCREASE

Fritz Braune, the German sugar beet
seed dealer, continued his journey
eastward last evening, after spending
the day in Ogden meeting the man-
agers of the Amalgamated Sugar
company with a view to selling beet
seed. He has spent a number of days
in Utah, during which time he made
a number of sales.

Mr. Braune states that he antici-
pates getting orders for at least 10-
600 sacks of sugar beet seed before
leaving the United States, to be de-
livered in this country in the near
future. He says the seed crop in Ger-
many was lighter last year than usual,
because of the heavy drouth in Ger-
many, and that the price has natu-
rally increased a little.

The conditions in this country are
not suitable for raising sugar beet
seed, he says, because of the iriga-
tion that is necessary to raise the
beets. The moisture has a tendency to
decay the roots of the parent beet
and this greatly lessens the yield and
impairs the quality of the product.

HARBERTSON WILL MEET McCARROLL

Frank McCarroll of Montana, will
meet Jack Harbertson of this city, in
a wrestling match at the Armory,
Friday evening, March 15. The bout
will be a catch-as-catch-can, for the
best two out of three falls.

McCarroll is one of the crack grap-
plers of Montana and will wrestle in
Twin Falls, March 11, for the cham-
pionship of the state. Sometime ago
McCarroll met and defeated Mike
Vokel, in a handicap match.

He has wrestled to a draw with
Julius Johnson and with Harbertson.
In addition to the Harbertson-Mc-
Carroll bout at the Armory, athletic
entertainment there is to be two good
preliminary bouts.

March 20 has been set for the pri-
vate match between Harbertson and
Julius Johnson at Salt Lake City. This
bout is to be given before an audi-
ence, composed of representatives of
newspapers and a few
friends of the contestants. Each
wrestler has posted a side bet of \$100,
on his ability to win.

SALT LAKE OPERATORS IN TOMBSTONE, ARIZ.

A. Y. Smith of Pearce, accompanied
by W. B. Alexander of Tonopah, Nev.,
W. H. Clark of Salt Lake City and
Charles E. Knox of San Francisco ar-
rived at Warren yesterday from
Pearce, where a special meeting of
the stockholders of the Common-
wealth Mining company was held and
a reorganization of the company ef-
fected, says the Tonopah Prospector.
New officers of the company were
elected at this meeting and Charles
E. Knox was made the president and
succeeds A. Y. Smith, W. B. Alex-
ander, secretary and treasurer, suc-
ceeding J. H. Snyder. The new board
of directors are Charles E. Knox, W. H.
Snyder and D. M. Barringer.

The board of directors at the meet-
ing appointed a committee to thor-
oughly examine the property and
make tests to determine the best
methods for the economical treatment
and handling of the ores. As soon as
a report is made work will be started
on the erection of a 300-ton stamp
and cyanide mill. It will contain ev-
ery modern feature known and will be
built on the sectional plan, so that
additions can be made as the output
of the mine is increased.

Let Us Suit You

HEAVY TRAFFIC ON RAILROADS

The first orange train of the sea-
son passed through Ogden yesterday
morning and it is expected that fruit
trains will pass through almost daily
now until the end of the season. This
marks the beginning of the spring
business and it is thought that freight
business will continue to pick up al-
most daily. Railroad men are of the
opinion that the 1912 season will be
marked by an exceptionally heavy
freight business largely due to the
activities in San Francisco brought
about by the Panama exposition.

However true this may be, there is
no doubt that the business is improv-
ing and shows a decided increase over
the same period last year.

Cololets trains continue to arrive
and their passengers to be distributed
to the various roads running out of
Ogden and though the height of the
season is not yet, indications point
to a spring business such as has never
been equaled in Ogden. Pacific No. 3
disgorge a crowd of passengers yester-
day morning, which fairly filled the
Union depot to overflowing.

ANNUAL REUNION OF MISSIONARIES

Monday was another red letter day
for North Ogden, the occasion being
the eleventh annual reunion of the
missionaries of that place and was
augmented by the gathering of prac-
tically every resident of the ward in
honor of the twenty-two men who
have died in the village since its set-
tlement fifty-two years ago. The first
of the missionaries to pass to the
great beyond was Bailey Lake, who
lost his life on the return from the
field at the hands of the Bannock In-
dians.

In addition to the elders, their in-
vited friends and the people of the
town, the gathering was favored with
the presence of President T. B. Evans,
Parish of G. W. Larkin and Eliza-
beth A. Larkin of the Ogden stake,
Patrick Levi J. Taylor of Harris-
ville, and Charles F. Middleton of
the Weber stake presidency and other
distinguished visitors.

The program consisted of music,
vocal and instrumental, including the
very efficient services of the town
band. Reminiscences of missionary
life in various parts of the world were
listened to with interest. A sumptu-
ous spread was enjoyed at noon from
three tables, which nearly filled the
amusement hall. The affair closed
with a grand ball in the evening.

PLAIN CITY NEWS

PLAIN CITY, March 4.—Smallpox,
it is now believed, has run its course
in Plain City. The last cases in the
town were freed from quarantine a
few days ago, and no new ones seem
likely to develop. The people of the
burg are, therefore, congratulating
themselves upon having escaped a
wide run of the malady, as such a
thing, early in the winter, seemed
certain because of the great number
of exposures.

Spring work on the farm is begin-
ning. A little plowing is being done
here and there, but as yet no seed
has been planted. The surface soil
as a general thing is too wet yet, but
the subsoil is said to be dry for the
time of the year. Otherwise the
ground is in good condition. It was
subjected to a thorough freezing dur-
ing the winter, and now the spring
finds it porous and mellow.

Marion Knight has just returned
from a business trip to California.
Among other things, Mr. Knight pur-
chased two carloads of hoes, which
he will have brought to Weber coun-
ty.

S. P. WILL BUILD FERNLEY BRANCH

According to the San Francisco Ex-
aminer President Sprague of the
Southern Pacific has ordered the im-
mediate construction of the Fernley
Northern railroad from Fernley, a sta-
tion on the Central Pacific, in Nevada.

thirty-five miles east of Reno, to a
point twenty miles north of Susan-
ville, in northwestern California, a
distance of 124 miles. Bids are in-
vited from contractors today. The es-
timated cost of the project is \$5,000-
000.

The new line is to have a branch
twelve miles long to the timber hold-
ings, said to amount to 500,000 acres,
of T. B. Walker, Minneapolis holder
of all this acreage is in Califor-
nia. The cost of this piece of road
is estimated at \$500,000.

This project is part and parcel of
a \$20,000,000 program by which the
Southern Pacific is to trench itself
from southern Oregon, northeastern Cal-
ifornia and northwestern Nevada
against the encroachments of both the
Western Pacific and the Hill system.

It also means that the Southern Pa-
cific, which already has all other parts
of California well covered by a net-
work of lines, is at last to fortify it-
self in the same way in the only re-
maining part of that state it has not
yet invaded—the northeastern coun-
ties.

The Fernley Northern, with one of
the other competitors to construct a
route to connect the Central Pacific
with the Oregon, northeastern Califor-
nia and southern Oregon, in con-
nection with the Natron line, a
through rail route to the east by way
of the Central Pacific and Ogden.

OLD RESIDENT OF PARK CITY DEAD

Park City, March 6.—Charles Myers,
who had been a resident of Park City
for the last twenty years, died at his
home here last evening of acute stom-
ach trouble. He was city water mas-
ter at the time of his death and was
well known here. He was born in
West Salem, O., in 1852. A widow and
seven children survive.

MILWAUKEE IS TO RUN SOLID TRAIN

As the result of negotiations last-
ing more than ten years the Milwaukee
railroad has at last obtained a con-
tract with the Harriman lines by
which Milwaukee trains will run solid
through from Chicago to San Fran-
cisco, Los Angeles and Portland. The
contract becomes effective May 1 and
as soon as the details are worked out
they will be made public. Preliminary
announcements were made today in
Omaha.

For years the Milwaukee has run
through cars over the Union Pacific to
San Francisco, but has never been
able to get to Los Angeles or Port-
land and over the Short Line. Recently
the Northwestern began running trains
to the north coast over the Northern
Pacific and the Milwaukee contract
is supposed to be in retaliation of
that move.

According to the first drafts begin-
ning May 1 the Milwaukee will run a
de luxe train and a west bound train
Chicago and Green River, Wyo., at
which point it will be split into three
sections, one going to each San Fran-
cisco, Los Angeles and Portland. The
new trains are now being built by the
Pullman company and they will be the
finest that can be constructed.

Eastbound, the trains will run in
three sections to Green River, where
they will be consolidated and run as a
single train to Chicago.
